There is dire need for generating Heritage Awareness among the modern generation both within the country and abroad about the Intangible Heritage of *BhAratam* that is India. Our Traditional Resources are rare and the richest on the Globe Mother Earth. It is the Treasure of Humanity. We have every right to use it for the GOOD of all without catering to the *GREED* of none. Indian History manufactured by the East India Company in England is a colossal and colonial ERROR of humanity during the Dark Age of civilized savages. The invaders have gone; but the insiders have become culturally illiterate. HERITAGE AWARENESS is another name of CULTURAL LITREACY. Take time to discover the Values and Meanings of our Culture. Research every aspect of it. Everything is not lost.

Poorna Prajna Samshodhana Mandiram, Bangalore is recognized by Rashtriya Sanskrit Samsthan, Deemed University, New Delhi [under MHRD]. Contact: <http://www.poornaprajna.com/>

Foundation for Indian Scientific Heritage® has a Google Group with 484 members. Your E-Mail ID added to it makes you a member to grow in cultural literacy.
